

Greetings, Spokane Community College Team,

This summer has been challenging, exciting and rewarding for me as I transitioned to the SCC Team. I have been working diligently to learn all I can about the college, its strengths and challenges, its people, and its goals that will set the tone for success in 2017-18.

As the first day of our new academic year approaches, the focus at SCC remains on student success. We currently have a number of ongoing initiatives that are the result of your hard work and dedication to helping our students realize their dreams. There is no doubt that we have a great portfolio of initiatives underway to achieve these goals, and our objective going into the year will be to ensure that these efforts are working in unison, at the highest level possible.

I want all of us to enter this academic year with an expectation that we will be part of an environment where our mission, core themes, and student success initiatives are working together under a single vision and purpose. As a part of that goal we should all expect to be recognized as an integral part of the SCC team and to feel empowered to contribute to the success of the college. I am excited to begin the 2017-18 year with you and look forward to an exceptional year at SCC .

Best regards,

Kevin

Dr. Kevin Brockbank
Acting President

Monday, September 18
